

## MADISONVILLE GIRL IN THE LEAD

In The Bee's Louisville-Cincinnati River Trip Contest—Close of Contest

ONLY SHORT TIME OFF NOW

Miss Frances Elgin, of Madisonville, is in the lead this week by a slight margin. Mrs. Hamer of this place, is a close second, Bill Oldham a close third and the remainder are pretty well bunched. There are several contestants who are holding back their votes and it is absolutely impossible to guess how many they have. It may be that some of those who now seem so far behind in the standing may come out first in the final count, consequently it is necessary for all contestants to get as many votes as possible and as soon as possible. We have decided to have three bargain days for the contestants as follows: Thursday, Friday and Saturday, May 25th, 26th and 27th, we will allow them 5,000 votes for every dollar they turn in on subscription and with the \$2.00 combination we have with the Daily Courier until Oct. 1st, and the Bee and McCall's for one year they should be able to get quite a number of new subscriptions and renewals. Remember the date and get busy now and ask your friends to take this combination so you can have 10,000 votes. Just think two or three new subscribers may give you enough votes to win first place and the seven day trip and the \$50.00 silver set. Go to work like you meant business and don't let up until the last hour of the contest. You will enjoy the trip your friends are going and you will want to go when you see them start. Following is how they stand.

## JOHN B. LONG IS BADLY HURT

John B. Long was seriously hurt Friday afternoon in a run-away between here and Madisonville. He was thrown from the wagon which ran over his arm and across his face breaking the cheekbone and badly bruising his arm. He was knocked unconscious for some time. His injuries are very painful but not serious.

## AN HONORABLE CITIZEN SUGGUMBS TO ILLNESS

Capt. G. W. Suesberry Died Sunday at a Hospital in Evansville—Prominent in G. A. R. Circles

Capt. George W. Suesberry died in Evansville, Ind., Saturday P. M. at 9:30 in a hospital, where he was taken when seriously overtaken by illness. His death was due to a complication of ailments.

He was born in Breckenridge Co., Ky., Feb. 11, 1834, and at the time of his death was 85 years, 3 months and 11 days old. When a small boy he came to Illinois and lived in Randolph county until 1890.

Up until about five weeks ago he was enjoying his usual health. He seemed to realize that this was his last illness and told of many things he wished done in case he should die.

For about 20 years Capt. Suesberry had resided in Mt. Vernon and he was a man who stood high in the estimation of his fellow men. He was regarded as one of God's noblemen and one who was not afraid to stand up for the right in spite of the opposition that might be brought about.

In church work he was very active and for 25 years was superintendent of the Methodist Sunday school in Steeleville. His membership was in the Methodist church. His life had been so lived that men honored and revered him; it had been so lived that it will be an example to those with whom he was associated; it had been so lived as to establish an assurance that what he did was right so far as he knew.

Capt. Suesberry commanded Co. K, of the 13th Illinois cavalry, and he was one of the best soldiers in the service of his country. His comrades speak in glowing terms of his active service and the manner in which he treated his men. He belonged to Coleman Post, G. A. R. of this city. During recent years he spent his winters with a daughter who resided in Kentucky, but always seemed glad to get back to Mt. Vernon among the people he had so learned to love and who so loved him.

At the close of the war Capt. Suesberry returned to Steeleville, where he was actively engaged in merchandising for a number of years.

He was married three times, his last wife being Miss Rachel Tindall, of Steeleville. Two daughters, Miss Nannie Suesberry, and Mrs. W. E. Martin, of Evansville, survive the union. Three children died in infancy. His last wife preceded him to the grave 15 years ago.

The funeral was conducted with military honors at Steeleville today, the body being taken there on the Wabash train this morning.

### MISFORTUNES.

Bear your own misfortunes with half the resignation that you bear other people's and you will be happy. It is so easy to tell other people how to be heroic and so difficult to be courageous ourselves.

## MISS DOROTHY CORBITT NOW IN THE LEAD

In the Watts Grocery Louisville-Cincinnati Contest Trip

### MISS ETHEL OLDHAM SECOND

Miss Ethel Oldham who has held first place in the Watts Grocery contest is in second place this week with Miss Dorothy Corbitt in the lead by a slight majority. As there are only four more weeks until the contest ends, quite a great deal of activity will be displayed in the near future and the friends of the contestants are going to work in earnest. The trip will be a long one and a delightful one and is well worth working for. To those who are in the contest we would advise that they put forth an extra effort next week and pile up all the votes they possibly can. Ask your friends to trade with us until the contest closes anyway, and if any of them owe accounts here ask them to settle them so you can have the votes. They get the same amount of good fresh groceries here they do elsewhere and it helps you in your contest. Go after your friends and ask them to give us all the business they can for the next four weeks.

## JUDGMENT FOR \$10,000 AGAINST L. & N. R. R.

Mrs. Elnor Logan Given a Judgement for this Sum for Death of Husband

Mrs. Elnor Logan, administratrix of Manse Logan, deceased, was given judgement against the Louisville & Nashville Railroad Co., Wednesday for \$10,000 damages, for the death of her husband, Manse Logan, who was killed in the yards at Earlinton last August.

Mr. Logan was walking along railroad tracks when he was struck by a switch engine and thrown in front of a coal car that was being "dropped" to one of the mines. This car crushed Mr. Logan to death. Suit was filed a few months ago, seeking damages in the sum of \$25,000 and the case was entered into last Tuesday, resulting in the above verdict. The plaintiff was represented by T. E. Finley, Fletcher Fox and Gordon & Gordon & Moore. Waddill & Laffoon represented the Railroad Company. An appeal will be taken.

## RESOLUTIONS OF CONDOLENCE

Whereas, Almighty God in his Omnipotence, has seen fit to call to his reward Mr. M. Hanna, the father of our friend and fellow student Jno. Hanna, and

Whereas, We his fellow members in the Kentucky Club of the University of Notre Dame, deeply sympathize with John Hanna and the members of the bereaved family, therefore,

Be it Resolved, That we extend to John and the members of the sorrowing family our heartfelt sympathy and that this expression of our condolence be published in the Notre Dame Scholastic and that a copy thereof be sent to the bereaved family.

### Strong Winds.

Nowhere else does the wind blow so hard and steadily as in the Falkland Islands. Tree growth is practically impossible owing to this peculiarity, and with such force does the wind sweep that region at times that potatoes and turnips have been known to be blown out of the ground. Grass, however, grows luxuriantly.

## NEW LEADER IN KING'S CONTEST

Miss Mary Parker Jumps in the Lead by Eleven Thousand Votes

### CONTEST IS GOING SOME

Mrs. L. B. Todd who has been in the lead in Geo. King & Sons' contest for several weeks dropped back to second place this week, and Miss Mary Parker comes to the front with eleven thousand votes to spare. There is not much difference in the standing of Mrs. Todd and Miss Gladys Whitford and Nell Cothran is still in the running. It looks like a horse race and there may be a neck and neck finish yet. The friends of the contestants are becoming interested in the race and will do all in their power to change the standing of things by next Friday. Following is the standing to date.

Mary Parker.....30,110  
Mrs. Lowry Todd.....28,505  
Gladys Whitford.....27,640  
Nell Cothran.....20,885

## CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into Sour Bile, Making You Sick and You Lose a Day's Work

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

## Christian Church Notes

Sunday was observed as Mothers' Day. A good crowd of men were present and each one was given a carnation. Bro. Hawkins preached a special sermon and Mr. Rash sang an effective solo.

Next Sunday will be "Cradle Roll" Day and all mothers and babies are urged to attend at the Sunday School hour. An attractive program will be given. Services morning and evening with preaching by the pastor, Mrs. L. V. Renfro and Miss Elizabeth Long will sing a duet at the evening service.

Don't forget to come to the church Monday evening at eight o'clock. Something every one will enjoy will be waiting for you. The different committees appointed by the Superintendent Mr. F. D. Nash are preparing for a large crowd. All members of the Sunday School and visitors during the Contest are invited.

## DEMOCRATS TO HOLD CONVENTION SATURDAY

Will Send Delegates to the State Convention in Louisville

On Saturday the democrats of the county will meet in convention at the court house in Madisonville to select delegates to the state democratic convention at Louisville. It is the desire of the county chairman and committee to have as many present as possible. It is a certainty that this will be one of the most peaceful conventions that has been held for many years as all factions seem to be ready to line up against the common enemy.

## High School Notes

By Our High School Correspondents

Schedule Closing Exercises, John B. Atkinson Memorial School, 1916: Monday afternoon, May 22.—Final examination begins.

Tuesday night, May 23.—High School play, "At The End of The Rainbow" Temple Theatre, Friday night, May 26.—Junior Medical Contest, School Auditorium, Sunday night, May 28.—Baccalaureate Sermon at M. E. Church, South, by Dr. H. M. DuBose, of Nashville, Tenn.

Tuesday night, May 30.—Annual Commencement Exercises at Temple Theatre, Class Address delivered by Dr. C. M. Thompson, of Hopkinsville. C. E. Dudley, Supt.

Examinations are in full swing, teeth examined first.

Let's all be on hand next week and show the teachers how much we have learned in spite of their mighty efforts to hold us back. Let's all take the "quiz" and make a hundred just for spite.

Jane: "Did you ring my Lady?" Mrs. Preston: No, I rang the bell.

Next week will be one of general jollification, there will be something of interest throughout the week. Following is a program of the wind up of the school.

The E. H. S. Boys are going to Princeton Saturday in the hopes of getting even with the Princeton players for their defeat at this place. The team from this place will be made up of the very best players and they feel that Victory is assured.

Miss Martin is with us this week and whenever she is present it is a settled fact that there are "big doings" on hand. The school is a place of music and revelry, of rehearsal and rejoicing. We are having quite a bit of fun this week all to ourselves, next week it will be the time for the public to have pleasure. Tuesday night, May 23 the pupils of the J. B. A. will stage the greatest home talent play ever pulled off in this town. You can't miss it; it's worth its weight in gold. Come out and see your sons and daughters, your nephews and nieces and grandchildren, on the stage and playing their part like the first class actors they are. You want to see them, surely you do. Every one will be there don't forget the date, May 23. Three tickets for the price of two, ask the children. Help them out.

## Expect Large Crowd

Perhaps the largest crowd that ever witnessed a ball game in Madisonville will be on hand next Tuesday afternoon for the opening season with Dawson Springs. Practically every business house in town will close from 3 to 5 o'clock and go out to root for the lads to trim our old rivals. The game will start at 3 o'clock.

### "Heads Up"

"An expert automobile driver of my acquaintance," says Frederick Ypham Adams in the June American Magazine, "has coined an injunction which might well be adopted by all drivers pending the adoption of the reforms outlined. Most of those who risk their lives crossing streets between intersections do so with their heads down, their half-closed eyes fixed on their feet. After successfully dodging such trespassers, or stopping in time to save them from injury, my friend good-naturedly sings out: 'Heads up, friend!'"

"Few take offense at this cheerful admonition, and, as a rule, they lift their heads, square their shoulders, and briskly take an alert way across the street and out of danger."

For any itching skin trouble, piles, eczema, salt rheum, bites, itch, scald head, hives, scabies, Doan's Ointment is highly recommended. See a box at all stores.

### COLORED NEWS

(Miss Neva Waters, Editor)

The closing exercises of the public school have begun. It is hoped that all the exercises will be well attended.

On Tuesday night the fourth, fifth, sixth and seventh grades will present the "Gipsy Festival."

On last Tuesday evening the Outlookers entertained the teachers. A beautiful program was rendered and a very tempting lunch served. Prof. Thomas composed a poem for the occasion. A copy of the same will appear in next week's issue.

Rev. Peter Majors preached at the Baptist church Wednesday night.

Misses Rosa Hughes, Maxie Foster, Mable Killebrew, Lydia Edmondson, and Master James Bell have been returned from Roger Williams for the summer.

### Where Kentucky Leads

In a recent address before the Advertisers Club of Louisville, John H. Satchell, of the Inland Farmer, brought out following interesting facts regarding agricultural products in Kentucky and its relative position among states of the south.

Kentucky leads all states in the Union in the production of tobacco, hemp, sorghum cane, and in thoroughbred horses.

There were 22 states in the Union last year that produced farm products valued at over \$183,000,000. Kentucky was one of these.

Kentucky is the tenth state in the production of corn, its yield last year being 115,000,000 bushels.

Kentucky stands seventh in the Union in the production of apples, its crop in 1915 being 12,500,000 bushels. There are nearly 15,000,000 bearing fruit trees in the state of Kentucky.

There are more registered Jersey cattle in Shelby county, Ky., than in any county in any state of America.

The show rings of the world have demonstrated the value of Kentucky bred stock, not only horses and mules, but dairy and beef cattle, sheep and swine.

Among states located south of the Ohio River, Kentucky leads in near-

ly every agricultural product. It has the largest white population of any state south of the Ohio river. Seventy-five per cent of its population is rural.

It has more persons worth \$5,000 and over, and more with incomes of \$2,500 per year and over.

The value of farm property in Kentucky is over \$800,000,000 being larger than that of any other state south of the Ohio river.

Its tobacco crop in 1915 was 360,000,000 pounds, more than one-third of the total crop of America.

There are 280,000 farms in the state with a higher value per acre.

Among the states south of the Ohio River, Kentucky leads in the production of dairy and beef cattle, horses, poultry, sheep, wool, corn, wheat and tobacco, and comes second in corn and potatoes.

There are more silos in Kentucky than in all the other states of the Central South put together.

In 1914 there were registered in Kentucky only 8,760 automobiles. Today the registration is over 20,000.

Kentucky also leads these states in the production of poultry and eggs.

It leads in the purchase and use of modern farm implements and machinery.

In Kentucky there are more farmers who own their own farms, consequently there are fewer renting,

### WOMEN OF KENTUCKY.

Newport, Ky.—"I have had a very good experience with 'Favorite Prescription'."

others and my husband procured two bottles of 'Prescription' at the drug store. I got stronger at once and the use of two bottles brought me up from my sick bed and put me on my feet. I have had no return of the trouble since. This was some ten years ago."—Mrs. NANCY SANDERS, 338 Central Ave

Thousands of women right here in Kentucky who are now blessed with robust health cannot understand why thousands of other women continue to worry and suffer from ailments peculiar to women when they can obtain for a trifling sum Dr. Pierce's Favorite Prescription, which will surely and quickly banish all pain, distress and misery and restore the womanly functions to perfect health.

Young mothers who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. Doctor Pierce's Favorite Prescription gives the strength and health upon which happy motherhood depends. It practically does away with the pains of maternity. It enables the mother to nourish the infant life depending on her, and enjoy the hourly happiness of watching the development of a perfectly healthy child.

Sick headache, biliousness, constipation, and all derangements of the liver, stomach and bowels are relieved, prevented, by Dr. Pierce's Pleasant Pellets.

## EATS LIKE A PIG SLEEPS LIKE LAMP

Youngstown Woman Laughingly Tells of the Astonishing Relief She Gained

"I can eat like a pig and sleep like a lamb," laughingly said Mrs. B. Henderson, of 116 South Hazel street, Youngstown Ohio.

"I know this sounds rather 'pig-gish,'" Mrs. Henderson explained, "but I can hit upon no words that describe my present condition better. Especially is this true after the many years of suffering I went through. Indigestion, catarrh of the head, nose and throat, kidney and liver trouble and nervousness all had a tight grip on me. Words cannot describe the pains and agony I underwent.

There was a bloating of gas on my stomach after eating, I suffered headaches, my nose was stopped up, mucous formed in my throat, my eyes were weak at times and my kidneys were sore. A general run-down condition of health is what I really suffered from. Never did I feel energetic and it was impossible for me to eat food.

"I tried almost every medicine that came along, but none of them did me any good. I finally concluded that there was no hope for my recovery. I read of Tanlac, friends told me about it at first, but I kept on refusing. Each day my condition grew worse and I was driven by desperation, I suppose, to take another chance on finding relief in a proprietary medicine.

"Ten days of Tanlac treatment made a woman of me. No longer do I suffer from any of the old ailments. Oh, what a pleasure it is to feel good once more. I can't help from praising Tanlac day and night. If any in my case suffer anything like I did, I urge them to take Tanlac."

Tanlac may be obtained in the following nearby towns: Earlinton, Geo. King & Sons; Madisonville, Gardner & Boymer; Mortons Gap, B. T. Robinson; Nortonville, City Drug Store; White Plains, Dr. Bailey; Mannington, Walter McIntosh; St. Charles, George King & Sons; Carbondale, G. A. Woodruff; Dawson Springs, Coleman & Wallace; Crofton, Brasher & Croft; R. F. D. Crofton, Rance & McIntosh; Princeton, Wylie & Walker.

## FOREST NOTES

It is estimated that automobiles carried to the Grand Canyon National Monument last year 20,000 persons, while the number of persons to reach the Canyon by railroad was 32,000, or five times as many as in 1914.

New Mexico official reports show that 360,325 cattle and 1,219,762 sheep were shipped out of that State in 1915. Most of this stock was grazed on public lands, especially the National forests. On the Forest ranges the forage crop is as much an object of care as the timber crop, and is increasing as a result of scientific methods.

Approximately 85 percent of the losses of cattle on the National Forest ranges due to poisonous plants is caused by tall larkspur. Death camas, lupine, laurel, sneeze weed, and rubber weed are responsible for sheep losses from such cause, while loco weed is the principal poisonous plant affecting horses. Last year the loss from these causes amounted to about \$300,000.

That wild burros in the Grand Canyon of the Colorado and increasing rapidly is the report from a ranger on the Tusayan National Forest, who says the little animals in their search for forage are finding their way to the top in such numbers as to constitute a nuisance. Already there are thousands of the animals in the Grand Canyon from Supai to the mouth of the Little Colorado, according to the Forest rangers.

## CLEANLINESS VS. FILTHINESS

The Lord does not expect us all to be godly, but He does expect us to be clean—not only in person, but in our surroundings. Now just pause a moment and let's consider this town—not from the standpoint of a kicker, but from that of a well wisher, the builder.

You, reader, are scrupulously clean with your person. You take your baths regularly, you cleanse your hands and face before each meal, you keep your hair neatly brushed, your nails trimmed, and yourself generally both attractive and sanitary.

If you see a person occasionally who is dirty, and slovenly, and filthy, you have little but secret contempt for that person.

The laborer in the street even removes the evidence of his toll when his day's work is over. He emerges a man, intelligent, clean and sanitary.

So much for the person of humanity.

In the homes of our community you will find the same evidence of scrupulous care and attention to the smallest of details. Spotless cleanliness is the word in a majority of homes, while at least adequate cleanliness is almost the universal rule. You expect nothing else, and you find nothing else.

No criticism, therefore, can be made of our homes.

But let us step outside the homes and survey the situation.

Many of the same people who are so immaculate in their persons and so spotless in their homes are little short of slovenly in their outer surroundings. A few are dangerously near to being filthy, and yet appear to have to have practically no realization of the fact.

Back yards are strewn with rubbish that should have been burned. Garbage is thrown out in the yard or over the fence to stink and fester and breed flies and disease. Grass and weeds grow and multiply and become unsightly to the eye. Cleanliness is buried under the evidence and neglect.

What is said of the back yard may often be repeated of the front yard or lawn, with a few reservations. It, too, is lacking in that scrupulous care given to the person and the home.

The barn? We hardly know how to describe the conditions that sometimes prevail in these places. You have witnessed them, you have seen millions of flies buzzing around and breeding other millions to spread filth and disease and death. Your nostrils have been offended by the sickening stench. You have turned your head and hurried by in disgust.

Retiring places for the public are often equally filthy, so much so as to be an actual menace to the health of the community.

You can look around town and find rubbish in every direction. Vacant lots, alley ways, streets, gutters, everywhere an evidence of neglect—because it is the other fellow's lot, and the streets and alleys and gutters belong to the public, and what is the public's business is too often nobody's business at all.

But why is it so? Why can we not be as clean and neat in our surroundings as we are in our persons and in our surroundings as we are in our persons and in our homes? Why can we not observe cleanliness in all ways instead of in only a few?

These things are worth your serious consideration, brother, for they have a powerful influence on the future of our town and on the general health of the people.

If you think such conditions when they exist are not a constant menace, ask any doctor. He knows.

There is seldom a happy medium. Generally it is either cleanliness or filthiness in this town?

Or shall we, like the pig, go right on wallowing through it until we die?

## GERMANS CRY PEACE BECAUSE FOOD IS SHORT

Recent Arrival From the Kaiser's Country Predicts a Revolution Within Six Months.

New York—A man who has just arrived from Germany furnishes some first hand information regarding conditions in that country. He is an American citizen, born in Virginia, but resided most of his life in Dresden. Recently the authorities tried to press him into military service. They gave him thirty days in which to either join the army or leave the country. He chose the latter course with the aid of the American consulate.

In describing the situation in Germany he says that the consensus of opinion among the more enlightened classes is that Germany can hold out no longer than nine months. Ordinary meat sells for four marks a pound and only a small quantity can be purchased every fifth day. Three pounds of potatoes per day per person is the maximum allowance. There are no fats to be had, and no butter. Eggs sell for 10 cents each.

It is this man's opinion that in six months Germany will face an internal revolution. Not only the common people but the men in the trenches are sick and tired of the short rations, which is undermining their enthusiasm. The cry of peace is widespread because of the insufficient food supply.

People are whispering these things among themselves but they dare not express their thoughts openly. If they do they are immediately arrested.
